

Powder Descaler and Rinse

- Manitowoc tested and approved
- Formulated for Manitowoc cuber machines
- Easier to ship, transport, and store
- No partial package use, less waste
- Pre-measured packets=accurate solution proportions
- More sustainable than liquid bottles
- Mix and use in five (5) simple steps

Powder Descaler and Rinse Sold Separately

(Number of packets needed will vary depending on size of ice machine)

1. Open the packet
2. Pour contents into mixing vessel
3. Add lukewarm water
4. Shake vigorously
5. Pour into ice machine water trough
